OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 1 August 1967

25X1 1. [] Delivered to Scott Cohen, in the office of
25X1 Senator Charles Percy (R., Ill.), a paper on Nasser's speech of 23 July.
Cohen thought the paper useful, but would like to go into the matter in more
depth. After talking to [] it was agreed that we would put an OCI
specialist in direct touch with Cohen rather than prepare another formal paper.

25X1 2. [] Mrs. Hynes, in the office of Congressman
Edward Roush (D., Ind.), called to inquire, on the basis of a Government
publication in her possession setting forth the statistics of U.S. recruitment
efforts, why the Agency has such a large volume of recruitment interviews
during the period of November and February. I informed Mrs. Hynes that
all Agency employees receive Top Secret clearances which require from three
to six months to complete. For this reason it is necessary that we recruit
well in advance of June graduation dates. Mrs. Hynes appeared to be satisfied
with this response.

25X1 4. [] In the absence of Bernard Fensterwald, Chief
25X1 Counsel, Senate Subcommittee on Administrative Practice and Procedure,
25X1 informed Benny Kass, Assistant Counsel, that although the Agency at one time
had had some contact with [] at no time has he been an Agency employee.
According to Kass, [] has been identifying himself as an Agency employee
in order to gain admittance to meetings of the intelligence unit of the National
Association of Chiefs of Police. I have notified Mr. Goodwin and []
of the situation. 25X1
